## West Campus Location of Laboratory Equipment in Room 309

| Item                       | Size                           | Location in Room                |
|----------------------------|--------------------------------|---------------------------------|
| Alligator clamp            | —                              | 17C, 18C                        |
| Aluminum foil/plastic wrap | —                              | 1C                              |
| Beaker                     | 1000-mL                        | 11A, 12A, 14A, 15A              |
| Beaker                     | 50, 100, 150, 250, 400, 600-mL | 1A-10A, 19A, 22A                |
| Beaker tongs               | —                              | 3C                              |
| Boss head clamp            | —                              | 7B                              |
| Büchner funnel             | —                              | 14C                             |
| Bunsen burner              | —                              | Lab Station                     |
| Clamp                      | —                              | 6B                              |
| Clamp holder               | —                              | 5B                              |
| Clay triangle              | —                              | 8B                              |
| Crucible & cover           | —                              | 9B                              |
| Crucible tongs             | —                              | 11B                             |
| Digital multimeter         | —                              | 20C, 21C                        |
| Digital multimeter charger | —                              | 17C                             |
| Disposable pipet           | —                              | 2C                              |
| Double buret clamp         | —                              | Lab Station                     |
| Erlenmeyer flask           | 125-mL                         | 17A - 18A                       |
| Erlenmeyer flask           | 250-mL                         | 20A - 24A,                      |
| Erlenmeyer flask           | 500-mL                         | —                               |
| Evaporating dish           | 75-mm                          | 12B                             |
| Filter paper               | —                              | 10C                             |
| Florence flask             | 1000-mL                        | 42A, 45A                        |
| Funnel (glass, long-neck)  | —                              | 6C, 8C, cabinet in back of room |
| Funnel (plastic)           | —                              | 13B, 14B                        |
| Graduated cylinder         | 10-mL                          | 35A                             |
| Graduated cylinder         | 25-mL                          | 36A                             |
| Graduated cylinder         | 50-mL                          | 38A                             |
| Graduated cylinder         | 100-mL                         | 39A                             |
| Hair dryer                 | —                              | —                               |
| Hot hand protector         | —                              | 27B                             |
| Hot pad                    | —                              | 24B                             |
| Kimwipes                   | —                              | —                               |
| Litmus, red and blue       | —                              | 1B                              |
| Magnetic stir bar          | —                              | 23B                             |
| Marking pen                | —                              | Professor's Benchtop            |
| Mortar and pestle          | —                              | 4C                              |
| Pasteur pipet              | —                              | 15B                             |
| pH meter                   | —                              | —                               |

| Item                           | Size                     | Location in Room                       |
|--------------------------------|--------------------------|--|
| Ring and buret stand           | —                        | Lab Station                            |
| Ring support                   | —                        | 17B                                    |
| Rubber funnel vacuum hose      | —                        | 16C                                    |
| Rubber pipet bulb              | —                        | 3B, 4B                                 |
| Rubber policemen               | —                        | 19B                                    |
| Rubber stopper                 | —                        | Cabinet in back of room                |
| Sandpaper/steel wool           | —                        | 25B                                    |
| Side-arm flask                 | 250-mL                   | 15C                                    |
| Side-arm flask                 | 500-mL                   | 11C, 12C                               |
| Spatula                        | —                        | 23B, balance room                      |
| Stirring rod                   | —                        | 16B                                    |
| Strikers                       | —                        | 22B                                    |
| Test tube brush                | —                        | Lab Station                            |
| Test tube holder               | —                        | 18B                                    |
| Test tube rack                 | —                        | 43A - 44A, 46A - 48A                   |
| Test tube                      | —                        | 5C, 25A, 28A, 31A, 34A, 37A            |
| Thermometer (analog)           | —                        | Professor's Benchtop                   |
| Thermometer (digital)          | —                        | 19C                                    |
| Thermometer clamp              | —                        | 10B                                    |
| Timer                          | —                        | 26B                                    |
| Tweezer                        | —                        | 23B                                    |
| Volumetric flask               | 10, 50, 200, 250, 100-mL | 26A, 27A, 29A, 30A, 32A, 33A, 40A, 41A |
| Wash bottle                    | 500-mL                   | Lab Station                            |
| Watch glass                    | 90-mm                    | 20B                                    |
| Well plate (12)                | —                        | —                                      |
| Well plate (24)                | —                        | 2B                                     |
| Wire gauze                     | —                        | 21B                                    |
| Wooden splint/inoculation loop | —                        | 1C                                     |
